INDEPENDENT ACCOUNTANTS REVIEW REPORT

Board of Directors
TheAmericanWest.com, Inc.
Las Vegas, NV

We have reviewed the accompanying balance sheet of TheAmericanWest.com, Inc. (a Nevada corporation) as of September 30, 2002 and the related statements of operations for the three-months and nine-months ended September 30, 2002 and 2001 and statements of cash flows for the nine-months ended September 30, 2002. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data, and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, which will be performed for the full year with the objective of expressing an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements referred to above for them to be in conformity with generally accepted accounting principles in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has had limited operations and has not commenced planned principal operations. This raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

G. Brad Beckstead, CPA has previously audited, in accordance with generally accepted auditing standards, the balance sheet of TheAmericanWest.com, Inc. as of December 31, 2001, and the related statements of operations, stockholders' equity, and cash flows for the year then ended (not presented herein) and in his report dated January 28, 2002, he expressed an unqualified opinion on those financial statements.

October 15, 2002

TheAmericanWest.com Inc.

Notes to Financial Statements

Note 1 - Basis of Presentation

The consolidated interim financial statements included herein, presented in accordance with United States generally accepted accounting principles and stated in US dollars, have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these consolidated interim financial statements be read in conjunction with the financial statements of the Company for the year ended December 31, 2001 and notes thereto included in the Company's Form 10-KSB registration report. The Company follows the same accounting policies in the preparation of interim reports.

Results of operations for the interim periods are not indicative of annual results.

Note 2 - Going concern

These consolidated financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. As at September 30, 2002, the Company has accumulated operating losses of approximately \$431,028 since inception. The Company's ability to continue as a going concern is contingent upon the successful completion of additional financing arrangements and its ability to achieve and maintain profitable operations. Management plans to raise equity capital to finance the operating and capital requirements of the Company. Amounts raised will be used to further development of the Company's products, to provide financing for marketing and promotion, to secure additional property and equipment, and for other working capital purposes. While the Company is expending its best efforts to achieve the above plans, there is no assurance that any such activity will generate funds that will be available for operations.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments that might arise from this uncertainty.

Note 3 - Related party transactions

John Schaffer, the Company's president, director and majority shareholder, has loaned the Company significant working capital. The balance of principal and interest totals \$378,890 as of September 30, 2002 is supported by promissory notes from the Company which bear interest at 10% per annum. Interest expense of \$21,832 has been recorded for the nine-month period ending September 30, 2002.

The Company does not lease or rent any property. Office services are provided without charge by a director. Such costs are immaterial to the financial statements and, accordingly, have not been reflected therein. The officers and directors of the Company are involved in other business activities and may, in the future, become involved in other business opportunities. If a specific business opportunity becomes available, such persons may face a conflict in selecting between the Company and their other business interests. The Company has not formulated a policy for the resolution of such conflicts.

Item 2. Management's Discussion and Analysis of Financial Condition and Plan of Operations

This statement includes projections of future results and “forward looking statements” as that term is defined in Section 27A of the Securities Act of 1933 as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934 as amended (the “Exchange Act”). All statements that are included in this Quarterly Report, other than statements of historical fact, are forward looking statements. Although management believes that the expectations reflected in these forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct.

Financial Summary

Results of Operations for the Nine-Months Ended September 30, 2001

The majority of the net loss of \$52,342 comprises general and administrative expenses of \$41,500, selling and marketing expenses of \$26,266, and depreciation and amortization of \$3,686; that offset gross profits for the period of \$19,109.

Results of Operations for the Nine-Months Ended September 30, 2002

The majority of the net loss of \$50,288 is primarily comprised of general and administrative expenses of \$32,642 and interest expenses of \$21,832; offsetting gross profits for the period of \$8,848.

Liquidity and Capital Resources

For the Nine-Months ended September 30, 2001.

During the nine-month period ended September 30, 2001, the Company’s cash position decreased by \$910. The Company used \$52,076 in its operations and provided \$51,166 by financing activities.

For the Nine-Months ended September 30, 2002.

During the nine-month period ended September 30, 2002, the Company’s cash position remained stable at \$186, with cash provided by financing activities equaling cash used by operating activities at \$52,810.

Management Plan of Operations

TheAmericanWest.com web site is functional and generating some revenue for the Company. Expenditures on advertising were reduced this period as well as last period, which resulted in a drop in gross sales revenues. Management intends to reduce general administrative costs by reducing labor expenditures to only that necessary to support incoming orders.

Management is contemplating whether to continue accepting orders, and may suspend internet orders until additional capital is available to expand operations. Management is also looking for a beneficial alliance with a retailer in the western theme who may be interested in order fulfillment of web based sales. Our current level of sales is not sufficient to support our current infrastructure for fulfillment.

Management plans to raise equity capital to finance the operating and capital requirements of the Company. Amounts raised will be used for marketing and promotion, inventory as needed and for other working capital purposes. While the Company is expending its best efforts to achieve the above plans, there is no assurance that any such activity will generate funds that will be available for operations.

TheAmericanWest.com does not currently have any commitments and/or agreements related to business relationships, business partnerships and acquisitions other than those with merchants offering products through the TheAmericanWest.com Internet store.

TheAmericanWest.com has no material commitments for capital at this time. Current, funding for operations has been provided as loans from the company president. No commitments are in place to continue this financing.
